

SDI Review Form 1.6

Journal Name:	<a href="#">Journal of Experimental Agriculture International</a>
Manuscript Number:	Ms_JEAI_48700
Title of the Manuscript:	Use of Brachiarias in the improvement of physical and chemical attributes of a Yellow Oxisol
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**SDI Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>TITLE</b> Change to Utilization of Brachiaria in the improvement of physical and chemical properties of Yellow Oxisol several long sentences were present in the manuscript from abstract to conclusion. Plz shorten them or break it up. Soil chemical analyses were not thoroughly discussed? Plz discuss in detail.</p>	
<b>Minor</b> REVISION comments	<p><b>ABSTRACT</b> Increase the volume of your abstract with more key findings from your research. it was mainly methodology. This study aimed to evaluate the effect .....CHANGE TO...the study evaluated the effect</p> <p><b>INTRODUCTION</b> as noted by [3;4] .....change to ....as noted by Borges et al. and Gazolla et al. [3-4] of 80% .....separate numbers from units of measurements it is necessary to adopt practices that enable to maximize the forage production ...recast sentence In this context, [10] .....plz mention authors name as shown in e.g above</p> <p><b>Materials and method</b> Five species of the genus Brachiaria were chosen, including.....Plz what or how did you identify the different species.... you must include it. described by [14], adapted by [15] .....plz correct of 24 hours, .....change to 24 hrs or 24 h. 50 ml of water .....change to 50 mL PH in water in ...wrong.....change to pH Compared .....lower case</p> <p><b>RESULTS and DISCUSSIONS</b> Significant and superior .....footnotes are of smaller fonts H + in the .....hydrogen ion or H<sup>+</sup> [18] affirm that .....plz correct. see above ph values may .....plz correct. see above aluminium and .....aluminum is American spelling This fact can be explained by the low .....long sentence.... break up if it did not Interfering significantly .....did not interfere significantly the root system fasciculated .....rephrase Significant and superior .....footnotes are of smaller font size According to [23], the .....plz correct. those observed by [24] .....plz correct. when compared the average soil ...."to" is missing</p> <p><b>CONCLUSIONS</b> Conclusions are never written as bullet points etc. it is a running continuous sentence based on key findings from your work tied back to the objectives. so correct yours. references were very good. however why were some journal titles bolded? also some were written in upper letters while others were not. plz be specific. e.g Brazilian Journal of Soil Science &amp; Journal of inorganic biochemistry &amp; WORKSHOP ON FORESTRY SEEDS?</p>	
<b>Optional/General</b> comments		

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**SDI Review Form 1.6**

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
