**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	The topic of the manuscript is quite interesting and relevant to the subject of the journal, I recommend considering for possible publication after some minor changes. Please see below comments on different sections of the manuscript: 1. Abstract: Authors would be considering revising (and possibly shortening) the abstract part. 2. Methodology: Authors also give information about the dataset of their analysis. Therefore, it would be more proper if they used "Data and Methodology" heading for this section. 3. Some newest references could be added in the manuscript.	
<b>Optional/General</b> comments		

**PART 2:**
