PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	UTI's are among one of the very important research topics and the occurrence of multidrug resistance species is further more important issue and worthy of investigation. Authors have done an appreciable effort in this direction. I would suggest publication of this manuscript in its present form.	
Minor REVISION comments	NIL	
Optional/General comments	NIL	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
