

Editor's Comment:

The Authors revised the manuscript well. The manuscript can be accepted. However, they should be aware of the different fungal activity. So, they should cite the following article in the manuscript.

A. Can, H. Sivrikaya, B. Hazer (2018) Int. Biodeterioration & Biodegradation 133, 210–215.

Fungal inhibition and chemical characterization of wood treated with novel polystyrene-soybean oil copolymer containing silver nanoparticles.
