

Editor's Comment:

I agree to publish the last revised version but suggest that the author should revise the formula (1) for the standard. Formula (1) can be written in one of two ways that I attached to this letter.

$$ED_{i,j} = \frac{Y_i Y_j V S_i G_i I_i T_i S T_{i,j} H S T_{i,j}}{D_{i,j}}$$

$$ED_{i,j} = \frac{Y_i x Y_j x V x S_i x G_i x I_i x T_i x S T_{i,j} x H S T_{i,j}}{D_{i,j}}$$

Editor's Details:
