Editor's Comment:

Indeed, "Unrestricted Variance Autoregressive Modeling of the Interaction among Oil Price, Exchange Rate and Inflation in Nigeria (1981-2017)" complies with all the requirements demanded by AJPAS as noted by the reviewers and I fully agree. Being a clearly written paper, in which the quantitative methodology is appropriately is used, on a subject that is extremely relevant to the country concerned, I am of the opinion that it can be published as is now.
