

**Editor's Comment:**

I am not sure if the author revised the manuscript following the changes suggested in the files

Rev\_IJECC\_49048\_Cas\_A.docx

Rev\_IJECC\_49048\_Ola\_A.docx

since some simple changes, such as, changing volume units, were not considered in the final version and no explanation was provided.

In order to decide about this paper, I would greatly appreciate if the author confirms that he read those files and explains the introduction or not of changes for every comment.
