

**Editor's Comment:**

I have read the reviewer's comments about the manuscript 2017/IJTDH/38885 "Prevalence of intestinal parasitic infections among inmates of the New-Bell Central Prison, Cameroon".

According to the reviewer's criticisms, I am pleased to inform you that this manuscript version is suitable for publication in International Journal of TROPICAL DISEASE & Health.

However, it is still necessary to include the ethical approval number in the methodology.
