

Editor's Comment:

I'm referring to the files attached but was a bit confused on the latest edited version submitted. Based on the article of pdf version, the following are the comments:

Line 69 & 93: the in-text citations were not listed in the list of references.

Line 84 : the style of writing the in-text-citation need to be amended (without bracket)

Line 93 : to check

Line 103 : Incomplete sentence

Line 128 : table 3 e , need to check

Line 285 : "Dr"...to delete
