General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**Delete the un-important space as i have already done highlighted by yellow colour.** **Avoid so many paragraphs, try to combine them in least possible para's.** **Rectify grammatical mistakes, as i have corrected many highlighted by yellow colour.**	Do I have to delete the Names of the Districts as you highlighted in the text? I made it into 3 in the abstract. But in the Introduction and Methodology I did not delete it (thinking that the study area is an essential part of a research paper.) I corrected grammatical mistakes
Minor REVISION comments	Try to make small sentences with complete sense.	OK. Done
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
