SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Pay attention with the scientific name of cowpea. It is <i>Vigna unguiculata</i> (two words, not one!!!). Please correct that in ALL text and title.</p> <p>Check all text. There are words written together that should be separated (example: 2nd line of item 2.1 – “cowpeaobtained”. It should be “cowpea” + “obtained”).</p> <p>Results:</p> <ul style="list-style-type: none"> - Do not use the same title for different tables. Please correct that. - To put in the legend of the tables what means T1, T2, etc. This information is not clear on the text. - Item 3.2 – The sentence “The highest mean value can be seen in the T1 (4.34), which is significantly different from the control” is incorrect. Please, check the entire paragraph and rewrite it. - Item 3.4 <ul style="list-style-type: none"> - To correct the word “tabale”. - The sentence “The untreated group has the highest mean value and it is significantly different from the rest of the groups” is incorrect because T0 and T1 shown values significantly equal. - Item 3.7 – The sentence “Treatment To with the highest mean value is seen to be significantly different from T1, T2, T3 and T4” is incorrect because T0 and T1 are statistically similar. Please, correct it. <p>Conclusion:</p> <ul style="list-style-type: none"> - It is necessary to improve the conclusion by summarizing the results obtained. 	<p>Corrected in the manuscript</p> <p>Words separated and corrected in the whole manuscripts</p> <p>Different titles used for the tables</p> <p>Corrected sir</p> <p>Corrected</p> <p>Corrected</p> <p>Corrected</p> <p>Summary of the result included and the whole conclusion corrected</p>
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
