

SDI Review Form 1.6

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJHR_48923
Title of the Manuscript:	Yield Contributing Characterization of 18 F₅ Lines of Aus Rice
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> • The abbreviations must be clarified. • The author should write pedigree for these genotypes. • Characters write in more details all the rice scientists know it, so why this long description. • The author can summarized these phenotyping characters in one table to be more simple and easy to use. • Eighteen F₅ genotypes which selection procedure used to select these genotypes. • Need statistical techniques to investigate the variation between these genotypes. • Plant breeder used many traits for select new genotypes not only yield. • Before resealing these genotypes the author must test it in multienvrionments to study GEI. • To select promising genotypes the variation between them must be significant. 	The manuscript has corrected according to the suggestion.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
