General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. No need to mention ADF results in abstract and make the abstract short and brief. 2. Introduction is too short and need not to mention VAR in introduction. Introduction should be followed by literature review not by VAR, VAR should be discussed in methodology. 3. Need to review more research paper for literature review and find out research gap in the existing literature. 4. Word materials cannot be used in social science papers this term is used in pure science papers. 5. Results, analysis and conclusions are ok. 6. Reference mentioned at the end of the paper does not appear in the content of the paper, check reference again. 	The Author appreciate the comments of the reviewer
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
