**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>This paper deals with the quantity of water in forest in the Eastern Region of Ghana, it is important for the local people, so I support it to be published in the journal after minor revision.</p> <p>1, a space must add between number and its unit;  2, equation or reaction must follow the order number;  3, the valence of species in abstract must be in superscript format, for example, (HCO<sub>3</sub><sup>-</sup>) changed into (HCO<sup>3-</sup>).  4, it is very important about heavy metals the paper has not considered about them.</p>	<p>1. space has been provided  2. this has been done  3. this has been done  4. This is an on-going project and the heavy metals will be considered in the subsequent publication</p>
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
