General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	What is the research question or the research hypothesis of this paper? Without the research question or hypothesis, we couldn't see the appropriateness of the research methods.	Thank you for your comments The research questions have been incorporated.
Minor REVISION comments	What's the use of descriptive statistics such as the number of male students and female students and age distribution? It seems that these data played no role in the study and the author didn't use them in the discussion part.	The descriptive that were not used in the study has been removed
Optional/General comments	Why is the total number of the students of various ages is 396 while the other total number is 397?	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
