	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Why were China and USA chosen for reference?	China and USA have had considerable history with mangas unlike most other countries. Most of the controversies that could be researched upon were found in these two countries. Also, using these two countries also gives a better geographical value to the paper.
Minor REVISION comments	The content about internet piracy in "5. MANGA AND THE CHINESE" should be moved to the conclusion part. Because it "is not an isolated phenomenon". The second paragraph in conclusion should be moved to "2. THE SEXUAL AND VIOLENT CONTENT" part.	These changes have been made.
Optional/General comments	This short paper is well written.
