

Editor's comments:

After the remarks of three referees, some remarks being severe, the author made the requested improvements. My opinion is some minor corrections are needed.

Corrections:

- **Line 126.** The centrifugation speed must be given in number of g, not in rpm.

- References.

Present the bibliographic references according to the instructions to the authors and check carefully. (see: <http://www.sciencedomain.org/journal/83/authors-instruction>)
