

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_46396
Title of the Manuscript:	Evaluation of the Mineral and Vitamin compositions of Leaves of Thaumatococcus daniellii and Alchornea cordifolia
New title:	Evaluation of the Mineral and Vitamin compositions of Leaves of Alchornea cordifolia and Thaumatococcus daniellii
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<ol style="list-style-type: none"> 1. Reference section should include reference numbers in the article. 2. In the conclusion part, this sentence can be added. "Thaumatococcus daniellii leaves can be used to eliminate vitamin B deficiency." 3. Latin words should be written in italics. 	<ol style="list-style-type: none"> 1. This has been addressed. 2. making specific reference to vitamin B, when it alone does not form the subject may imply that that other micronutrients are of less value. The word micronutrients properly capture the discussion and the idea behind it. 3. this has been noted and acted upon
