EDITORIAL COMMENT S on revised paper (if any)	Authors response to editor s comments
<p>1. Concerning the other modifications suggested by reviewers 2 and 3, authors did not consider necessary to make these changes. Although the compulsory request of reviewer 2 to add some more data related to the sources of heavy metals in the diet of man and the impact of heavy metals on human health, the same reviewer state that the manuscript is worthy of publication anyhow. Besides, the small cut made by the authors introduced a grammar error in the sentence (Heavy metals <u>they</u> gain entry into biological..).</p>	<p>The mistake was due to an oversight. However, correction has been made.</p>
