**PART 1: Review Comments**

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)   |
|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments | <p>The current layout and formatting of the paper is unsuitable for the Asian Journal of Research in Computer Science.</p> <p>The diagrams of the paper are completely unreadable they have to be redone.</p> <p>The Abstract has to be corrected and improved.</p> <p>The References have to be redone their formatting is wrong</p> <p>There are various typing errors in the paper. These have to be sorted out</p> <p>The subtitle headings need to be corrected and improved</p> | <p>I changed the format of the paper according to the format available in your well documented web site.</p> <p>All the diagrams are redone, hope you will find it clearer</p> <p>All the references are redone</p> <p>I checked thoroughly and corrected all the typing errors.</p> <p>As the paper format has been changed all the subtitle heading has been changed.</p> |
| <b>Minor</b> REVISION comments      |   |   |
| <b>Optional/General</b> comments    | <p>The paper indicates that work has been done in the area. However the paper needs to be seriously redone and corrected making it more presentable for the journal</p> <p><b>The authors can look at papers that are already in the Asian Journal of Research in Computer Science and format the paper accordingly</b></p>   | <p>I looked at the respective journal and formatted it whole again. This type of work specially in case of jelastic cloud its quite new in Bangladesh. It's the outcome of undergraduate thesis work</p>  |
