

SDI Review Form 1.6

Journal Name:	Asian Journal of Research in Botany
Manuscript Number:	Ms_AJRIB_47649
Title of the Manuscript:	Woody species diversity under the different age of area closure and slope aspects of Boswellia dominated woodland of Kafta Humera, Northern Ethiopia
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The results is well presented, but you should to discuss them more.	Based on the reviewer comment the discussion part was expand in detail.
Minor REVISION comments	Please, include the author's for the species scientific names.	The scientific name of each species was corrected accordingly.
Optional/General comments	This is an interesting paper. As a suggestion: If you use Hills numbers to characterize the species diversity the paper would be more robust (Check: CHAO, A. et al. Rarefaction and extrapolation with Hill numbers: a framework for sampling and estimation in species diversity studies. Ecological Monographs, v.84, n.1, p.45-67, 2014).	Based on the reviewer comment the species accumulation was edited accordingly.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
