

**SDI Review Form 1.6**

Journal Name:	<a href="#">Asian Journal of Research and Reports in Gastroenterology</a>
Manuscript Number:	<b>Ms_AJRRGA_44395</b>
Title of the Manuscript:	<b>Prevalence and pattern of NSAID consumption among patients with upper gastrointestinal bleeding</b>
Type of the Article	<b>Original Research Article</b>

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	1) In Discussion, authors say the relation between GI-bleeding and other disorders. As this research is the problem about GI-bleeding and NSAID, they won't be needed in Discussion. 2) In Discussion, the authors indicate the different result in [9] by another US study. As the authors are also exposed to other different results, the authors should cut from 258- to 272-line.	1) This part was deleted.  2) Corrections were done and highlighted inside the text.
<b>Minor</b> REVISION comments	1) There are too many typing errors in this manuscript. The revised manuscript must be checked by another native speaker.	1) The text was revised and typing errors were corrected.
<b>Optional/General</b> comments	1) This is an important problem. This research shall be accepted if this manuscript is revised.	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	(If yes, Kindly please write down the ethical issues here in details)	This research was approved at ethical committee of Mashhad University of Medical Sciences with ethical code:922817
