

SDI Review Form 1.6

Journal Name:	Asian Soil Research Journal
Manuscript Number:	Ms_ASRJ_45777
Title of the Manuscript:	Role integrated mineral fertilizers and bio-fertilizers on some soil properties, behavior nutrients in rice plant and rice productivity under newly reclaimed saline soil conditions
Type of the Article	Review Paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The subject is interesting. Introduction chapter is well documented, with recent bibliographic references. The chapter of the material and method has been presented correctly and in detail and the results were adequately presented in relation to the clearly defined objectives. The results obtained are discussed compared to other studies in the field.	
Minor REVISION comments	Small corrections have been suggested on the paper. There are minor corrections, which do not influence the presentation of the results and the structure of the article. It will be very easy to make the proposed corrections.	
Optional/General comments		Repairs worked

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	No
