<p>1. Still there are the grammar mistakes in the manuscript which should be revised before publishing for example:</p> <p>"Since then, due the functional properties of SMA has enabled them"</p> <p>"Research show that Ni-Ti SMA parts with"</p> <p>"however they have high cost and are difficult to process."</p> <p>2. I recommend not to mention years in the introduction as it is not a review, just citation is enough.</p> <p>3. conclusion is good but too much points, I recommend to be just 3 to 4 points maximum.</p>	<p>all recommendations were accepted and corrected</p> <p>1- recommendations were accepted and corrected</p> <p>2- the mentions of the years were withdrawn.</p> <p>3- Conclusion rewritten with 4 points</p>
