

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_47074
Title of the Manuscript:	Leachates Characterization at the municipal solid waste landfill in Nkolfoulou -Yaounde, Cameroon
Type of the Article	Original research paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1) Table 1 can display in graph so that it is easier to compare. 2) I think the title is not suitable. The word characterization is not suitable because the paper more towards correlation with other parameters	(1) I think the table is more explicit and easier to compare than a graph. (2) Influence of the composition of the municipal solid waste (MSW) on the physicochemical parameters of leachate at the municipal solid waste landfill in Nkolfoulou –Yaounde.
Minor REVISION comments	1) Please check the format of writing references	Done based on the website http://sciencedomain.org/archives/20
Optional/General comments	The paper is good.	THANKS

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript? NO	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
