**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	Ms_IBRR_46976 entitled "Congenital Dyserythropoietic Anaemia Type II: A Rare Blood Disorder in a Nigerian Child" can be accepted. The description of the study is accurate as well as the description of the therapy, as suggested by the same authors it is necessary to continue with a biomolecular investigation and in electron microscopy. A re-reading of the text is required because there are many typos	1) <b>Typographical errors have been corrected and highlighted in YELLOW in the revised manuscript.</b>  2) <b>The last 4 lines of the discussion (which were a repetition of the conclusion) have been deleted.</b>

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
