

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_46192
Title of the Manuscript:	The association of Cord blood telomere biology with mother's education
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1. Title Title should be changed from: The association of Cord blood telomere biology with mother's education To: Association of Cord blood telomere biology with mother's education, socioeconomic status and gestational age</p> <p>2. Methodology Authors should indicate the DNA marker/Ladder used for Gel electrophoresis</p> <p>3. Results Authors should show the figure of gel electrophoresis bands pattern confirming the size and quality of the procedure as well as accurate results</p>	<p>Title: Can't change title because statistics only emphasise mothers education</p> <p>Methodology: Incorporated</p> <p>Results: Incorporated</p>
Minor REVISION comments	In conclusion, state only conclusive results but NOT LITERATURE/METHODOLOGY. Highlight the overall key figures(if possible in numner/percentage) regarding Cord blood telomere biology with mother's education, socioeconomic status and gestational age	Already mentioned.
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
