General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | <p>The article presents a relevant topic. But some adjustments need to be made.</p> <p>In the result, the description of the results must be organized before presenting the figure / table and not in the footer of the image. Besides writing the result of figure 1, that was missing.</p> <p>In the discussion, present the severity of HBV infection in neonates and children up to 5 years of age.</p> <p>The conclusion needs to be improved, because the most important finding in the study is not represented.</p> | Effected as pointed out. |
| Minor REVISION comments | <p>The comments and suggestions are marked in the manuscript, with the word broker.</p> | Some raised points were corrected. |
| Optional/General comments | | |
