| Journal Name: | International Research Journal of Pure and Applied Chemistry |
| Manuscript Number: | Ms_IRJPAC_47651 |
| Title of the Manuscript: | DEMOCRATIC REPUBLICA OF CONGO MORINGA SEEDS OIL EXTRACTION, POTENTIAL MIGHTY ANTIPOISON |
| Type of Article: | Research paper |

PART 2:

| FINAL EVALUATOR'S comments on revised paper (if any) | Authors' response to final evaluator's comments |
|--|--|
| <p>The corrections suggested in the previous evaluation report were attempted to incorporate in this paper.</p> <p>The work done is quite o.k, the sentences used in many places were framed in such a way that it failed to communicate the content properly.</p> <p>Grammatic errors seen</p> <p>Overall reading by a language professional is highly appreciated.</p> | <p>Thank you for your contribution to improve the quality of our manuscript. It has been done (see yellow color).</p> <p>About “overall reading by a language professional is highly appreciated”. We have problem to situate exactly in which part of the text the sentences are not well manipulated. It is not explicitly indicated. Anyway, it has been taken into account the contribution of the other reviewers in this logic. We hope that you will be satisfied.</p> |
