

SDI Review Form 1.6

Journal Name:	Journal of Advances in Mathematics and Computer Science
Manuscript Number:	Ms_JAMCS_46478
Title of the Manuscript:	A note on corrections in approximation of the modified error function
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper is written well however some typos related to ',' and '.' should be checked and English need attention. The results are good and sound. The paper deserves to publish in the journal.	Typos have been taken care of as far as possible. We are thankful to the Reviewer for his/her careful reading of the manuscript.
Minor REVISION comments	Some recent work should be cited and application of the considered function may be provided with references.	To emphasize the application of the results derived here we have incorporated few sentences in the beginning of the introduction with few relevant references. Furthermore, to exhibit the efficiency of the results presented here, few figures with appropriate discussion have been added at the end section 2. We are thankful to the Reviewer for his/her constructive suggestions.
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
