SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript is an attempt to assess the quality of prescriptions and improve the awareness of physicians on WHO standards on good prescriptions. The finding that only 2.8% of the prescriptions written by physicians at the Lagos State University Teaching Hospital, Lagos, Ikeja Lagos were compiled in an excellent fashion in accordance to the World Health Organization recommendation will create the awareness to physicians on the compliance and requirements. The benefits from this manuscript and major readers could mainly belong to the clinicians. The manuscript is a good attempt. It needs to be improved in readability and some spelling corrections and can be accepted once these minor errors are fixed.	Thank you for your comment spelling corrections done
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
