SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Abstract</p> <ul style="list-style-type: none"> - Add "asymptomatic malaria" as keyword <p>Introduction</p> <ul style="list-style-type: none"> - Line 38: change your reference N°6 as it is too old (15 years) - Line 48: Two comas are present successively. Please delete one - Line 55: change "(IP)T" to "(IPT)" - Line 56: Two full stops are present successively. Please delete one - Lines 57-62: These sentences are useless as your study is not focused on the RDTs. Please you need to tailor your introduction carefully as this introduction is very sprawling - Remarks: This introduction is not well written and needs for complete rewriting. It is very difficult to me (specialist on malaria) to understand the rationale of this study. You can guess the difficulty for scientist non-familiar to malaria. <p>Materials and Methods</p> <ul style="list-style-type: none"> - Lines 77-82: Add bibliographic references - Line 83: Add the ID number of the ethical clearance - Lines 84-85: Specify these conditions capable to elevate the temperature - Lines 90-91: Give the characteristics of the RDT you have used <p>Results Discussion Conclusion</p>	<p>Asymptomatic is added to keywords.</p> <p>Locations do not change, we beg to retain the reference Corrected Corrected Corrected Corrected Deleted</p> <p>Some of the statements in the introduction have been recast</p> <p>Reference cited No ID number Examples of such conditions have been provided The characteristics of the kit have been provided</p>
Minor REVISION comments	<p>Abstract</p> <ul style="list-style-type: none"> - Line 9: the word "Background" appears two times - <p>Introduction</p> <ul style="list-style-type: none"> - Line 47: change "falciparium" to "falciparum" - Lines 48-55: add bibliographic references - <p>Materials and Methods Results Discussion Conclusion</p>	<p>Corrected</p> <p>The phrase containing the word is deleted Reference is provided</p>
Optional/General comments
