**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The basic problem here is with the writing. It needs to be edited by someone with English fluency and it needs to be spell-checked. "Kaplan-Meier" is spelled wrong in Figures 1 and 2 and in Tables 3 and 4. There are grammar errors and sub-optimal word usage. The actual content of the article is satisfactory for this journal.	The spell check was done.
<b>Minor</b> REVISION comments
