

**SDI Review Form 1.6**

Journal Name:	<a href="#">Journal of Experimental Agriculture International</a>
Manuscript Number:	Ms_JEAI_46542
Title of the Manuscript:	<b>Biological Aspects and Predation of Pygidicrana v-nigrum (Dermaptera: Pygidicranidae) Against the Mediterranean Fly</b>
Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>All comments were highlighted in the manuscript.</b></p> <p><b>Aim of work- Line 43. The scientific base of the search is incorrect.</b></p> <p>1- It is well known that <i>C.capitata</i> spends egg and larval stages inside the fruit, then jump into the ground for pupation. So, no chance – in nature – for <i>P.v-nigrum</i> to fed on the target pest as larvae. Except if the author will release the predator under the fruit trees to attack last larval instar or newly formed pupae. Please rewrite the aim of work.</p> <p>2- <b>Some spelling and editing corrections are needed.</b></p>	<p>1. With the fruit being in the soil can occur the predation of this entomophagus against <i>C. capitata</i></p> <p>2- The manuscript was revised in English.</p>
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	(If yes, Kindly please write down the ethical issues here in details)
