

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_47638
Title of the Manuscript:	Use of Maize Straw or Animal Manure as an Alternative to Gypsum to Ameliorate Saline-Sodic Soils
Type of the Article	<u>Original Research Article</u>

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1. Table 4. Physicochemical analysis of the irrigation water. Ranges should be compared or ranked with reference from irrigation water not from MVA = Maximum values allowed for human consumption. Analysis of water quality was done to determine / evaluate the quality of water for irrigation purpose not for human consumption Check guidelines for evaluation of water quality for irrigation by FAO 1985 or current one</p> <p>2. Chemical analysis of gypsum, manure and maize straw is very important so as know the nutrient contents. Please include these data if you did analysis</p>	It was corrected in paper
Minor REVISION comments	<p>Put some titles in materials and methods, results and discussion</p> <p>Some are indicated in manuscript</p>	It was corrected
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	No
