**PART 1: Review Comments**

|                                     | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)    |
|-------------------------------------|--|--|
| <b>Compulsory</b> REVISION comments | <p>I am not opposed to the methodology used by the author in this paper but it needs a great deal of development before it could be considered for publication. The author will need almost completely to rewrite the paper. The first section should specify the research questions to be addressed. The literature review should be used to highlights gaps in knowledge which the research questions are to answer. A discussion section is necessary to describe the contribution to knowledge that the paper is claiming to make.</p> <p>Currently, the conclusions and recommendations drawn are not justified by the findings. The conclusion should incorporate the research imitations and the suggestions for future research.</p> <p>The whole paper needs to be edited for language usage.</p> | <p>Authors very much appreciate the comments of the reviewer.</p> <p>We have tried modified the manuscript as per the comments</p> <p>Language has been edited and corrected</p> |
| <b>Minor</b> REVISION comments      |  |  |
| <b>Optional/General</b> comments    |  |  |

**PART 2:**

|   | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
