<b>Compulsory</b> REVISION comments	<b>1. Please update the references</b> <b>2. Check the language and grammar</b>	1. Grammar and references already revised
<b>Minor</b> REVISION comments	1. As we know most of the airline tkt price increase due to travel dates, as southeast Asia culture not similar to the US market where you can by the last minute tkt with cheap price. Please clarify your data based on the literature. 2. Some of the airlines will decrease the price but no tkt available, please check within the literature and discuss. 3. Why use only the airlines website when you can use any of the booking websites which will give you cheaper prices that the airlines official websites such as Traveloka.com? 4. Move the chart title down the chart only the table titles should remain up.	1. On the literaure already mentions that the ticket price is influenced by several factors such as demand, technology, product or services overed, and government regulation. And my research is focus on Indonesian cases. 2. Certainty, every airlines has different strategy, and this research want to identfy each of strategy, in the particular time (peak season). 3. The poin of this research was not to find out wich one the cheapest airline, however this research focus on how airlines manage their price behaviour. 4. Already revised, only chart remain
