PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	No major revision comment	
Minor REVISION comments	<p>1. In page 2, the citation "[4] and [5]" should be written as "[4, 5]" and the citation "[10] and [11]" should be written as "[10, 11]".</p> <p>2. Instead of beginning a sentence by a "numbered citation", it is better to have the citation at the middle or at the end of the sentence. For example (in page 2): the sentence "[15] study the impact of changes ... in 60 developing countries." may be changed into "A study on the impact of changes ... in 60 developing countries was conducted [15]." Similar revisions may be done on the other sentences with citations at the beginning (e.g. [11], [12], [13], [14], [16], [17], [1], and [18] in pages 2-3).</p> <p>3. Change the "author-date" citation style of the following references into "numbered" citation style: Enders and Granger 1998 (page 4); Chan 1993 (pages 5 and 10); Engle and Granger 1987 (page 8); and Enders and Siklos 2001 (page 10 Table 6 and page 11 Table 8).</p>	<p>1/ I use all of the comments of reviewer to improve this paper (please see page 2 and 3 for citation).</p> <p>2/ I have also revised the reference (please see page 4, 5, 10 and 11)</p>
