<p>The paper requires a careful checking:</p> <ul style="list-style-type: none">- My corrections are highlighted in green in attachment.- Problem with the order of references in the text. - Page 3: provide the exactness of the measurement device. - Figures 5 to 8: capital letter for W.- Page 8 : insert units in figure 10.	<p>I have carefully gone through the paper and effected the necessary corrections. Order of reference corrected, and the exact sensitivity of device included. The standard units for SAR (W/kg) and others corrected</p> <p>Couldn't correct Capital letters for Figures 5 to 8 because I saved it as pictures and also for Figure 10.</p>
