

SDI Review Form 1.6

Journal Name:	Journal of Materials Science Research and Reviews
Manuscript Number:	Ms_JMSRR_49772
Title of the Manuscript:	Effect of Deposition Temperature on the Tribology of MOCVD Zinc Oxide Thin Films Tested under Dry Contact
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>I have gone through the manuscript overall work is good but before publication it needed some corrections that are as below;</p> <p>-The abstract should be very concise and informative need to revise it. -The list of cited references are too old and less; so please cite newly published work in this area i.e. 2019-2018-2017-2016 years as well also need to add more references for this work. Authors cited only 11 references that are not enough to published work. -Please check typological as well grammatical corrections throughout the manuscript.</p>	<p>Necessary corrections have been made in the abstract as pointed out, and the corrected portions are highlighted in yellow. Spellings highlighted by 'MS Word' are technical terms or 'UK English' versions of the words.</p>
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
