Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>A description about how participants were gathered is needed (for instance, how was consent given)?</p> <p>In addition, how was the sample size determined? What statistical analysis was performed?</p> <p>What are the psychometric properties of the instruments?</p>	NOTED
Minor REVISION comments	Incorporating a theory to further frame the paper and the concepts is recommended. In relation, connecting a theory to the results would be beneficial to further highlight how it relates to the discipline of child development.	
Optional/General comments
