Editor's comments:

1. Author had response adequately.
2. Please check the scale on figs. 5 and 6. the y axis on 17 and 3.5 billion are not correct. they should be 1.7 and 0.35 billion

Author's feedback:

We are awfully sorry for our careless mistake on the scale unit and many thanks for your kind comment. We will redraw Fig.5 and Fig. 6 using the scale of million.
