

SDI Review Form 1.6

Journal Name:	Microbiology Research Journal International
Manuscript Number:	Ms_MRJI_47747
Title of the Manuscript:	Multi-Drug Resistance <i>Salmonella</i> Contaminates the Traditional Street Foods in Chittagong, Bangladesh
Type of the Article	<u>Original Research Article</u>

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The major setback of the manuscript is of not having any information that, in spite of the high rate of contaminated food, of the presence of <i>S. typhi</i> , or paratyphi. It is disturbing that the author writes: " <i>Fuska</i> , a fried food prepared mostly from flower " instead of flour (?), and " <i>Borhani</i> , a drink prepared from milk card with incorporation....." instead of probably milk curd (?).	Thank you for your corrective suggestion. Corrections done.
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
