PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript needs to be revised thoroughly. There are a lot of discordant results. Authors need to revise the tables and most especially check the percentage calculations. This will invariably distort the Discussion which should be revised as well.	All the observations made have been corrected. They are highlighted in yellow. Unfortunately, a wrong file (preliminary script) was uploaded. In table 4: The overall (Total) intensity of each parasite was calculated by summing the total intensity of a parasite species in both schools and divide it by 2.
Minor REVISION comments	There are some grammatical errors that need to be corrected as well. Check References	The errors observed have also been corrected (highlighted in yellow)
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
