PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	-Methodology should be given in detail. -SPSS data analysis reference missing. -Although table representation is good but graphical can also be used with describing them each. -Grammatical and spelling mistakes should be corrected.	
Minor REVISION comments	-Use of single font type balanced the article overall.	
Optional/General comments	-Author should put a slight effort to make it very eye catching and interesting. -A good research in general if data sources provided and sources on which data was analysed.	

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
