Manuscript Number:	Ms_AIR_43338
Title of the Manuscript:	Different Type of Ant Species Nests in Periyanaickenpalyam Village, Coimbatore District, TamilNadu
New title:	Diversity of ant species (Hymenoptera: Formicidae) Nesting beneath different trees in Periyanaickenpalyam, Coimbatore District, TamilNadu
Type of Article:	

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>My first opinion was: Strongly rejected...</p> <p>However, after correction, the editor sends for new opinion: I believe the work has been improved. Basic errors still persist, but can be corrected. The information presented in the manuscript is important and may contribute to future research.</p> <p>In table 1, replace the last two columns (genus and species by a single column - Species): ... and add the name of the species: <i>Camponotus radiata</i>, <i>Camponotus compressus</i>, <i>Camponotus irritans</i>, <i>Camponotus parius</i> etc ... (<i>italic</i>).</p> <p>Check all scientific names ... many of them are spelled incorrectly.</p>
