

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">Asian Journal of Advances in Agricultural Research</a>
Manuscript Number:	Ms_AJAAR_44429
Title of the Manuscript:	<b>A Classification Study of Rain Fall Oscillation in Tamil Nadu with Effect of Agricultural Product Import</b>
Type of Article:	<b>Original Research Article</b>

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Again Please: <b>add a map in the introduction section indicating the position of the concerned zone and its geographical characteristics</b></p> <p><b>Line 17: add to key words: Rainfall classification</b></p> <p><b>Line 68: Add a methodology section and write clearly the classification approach used. The methodology and the approach are not understandable!</b></p> <p><b>Line 70: please rewrite the sentence as following:</b> "there is a significant difference in rainfall during October, November and December".</p> <p><b>Line 72: please rewrite the sentence as following:</b> " We identified three Grouping Clusters indicating that the majority of the States are observing"</p> <p><b>Line 79: please rewrite the sentence as following:</b> We identify the Grouping Clusters indicating that the majority of the States are observing"</p> <p><b>Line 85-86: please rewrite the paragraph as following:</b>" during 2008, three clusters are fully formed and a significant difference in rainfall is also noticed during September, October and November".</p> <p><b>Line 89: please rewrite the paragraph as following:</b>" The Grouping Clusters is showing that majority of the States has a <b>Moderate</b>".</p> <p><b>Line 95 and so on: please rewrite the paragraph as following:</b>" during October, November and December there is a significant difference in rainfall"</p> <p><b>Conclusion: should mainly be focused on Rainfall classification results than agricultural import/export in the country and their relationship</b></p> <p>My statement:</p> <p>The paper in general needs to be improved. A crucial section (methodology) as I mentioned in the previous documents is needed</p>
