

SDI Review Form 1.6

Journal Name:	Asian Journal of Advanced Research and Reports
Manuscript Number:	Ms_AJARR_47198
Title of the Manuscript:	Contamination and Pollution Risk Assessment of Heavy Metals in Rice Samples (<i>Oryza Sativa</i>) from Nasarawa West, Nigeria
Type of the Article	Original Research Papers

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Other comments are inserted in main paper using "track changes" since no line numbers were inserted.</p> <p>-The "Materials and Method" is poorly written: presentation of sample collection is less than adequate; equipment conditions are not given; No quality control procedures presented; Verification and validation of equipment accuracy and precision are not presented</p> <p>-Results need to be improved on: implication of having these metals at high concentration in rice should be enunciated.</p> <p>-Conclusion should describe the major findings and should not be tailored to only Cd.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
