PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | <p>In general, the idea to study the impacts of manga on society is good. However, this article has left many important things which made evaluation difficult.</p> <p>The author did not explain clearly the gap in the literature, the research objectives/questions, study design, what kind of impacts he/she wanted to measure, how it is measured, who are the sample and tools to obtain the data.</p> <p>The direction of the article is unclear. Not sure what the author wanted to achieve. I strongly suggest the author to focus on one community, country or group (a case study).</p> | |
| Minor REVISION comments | This paper needs a MAJOR revision. | |
| Optional/General comments | <p>The paper needs to undergo proofreading and editing process.</p> <p>Please follow the journal format/guidelines.</p> <p>Avoid making grand statements.</p> <p>References section is missing.</p> | |

PART 2:
