SDI Review Form 1.6

Journal Name:	Asian Journal of Probability and Statistics
Manuscript Number:	**Ms_AJPAS_45037**
Title of the Manuscript:	**CENTRAL LIMIT THEOREM AND ITS APPLICATIONS IN DETERMINING SHOE SIZES OF UNIVERSITY STUDENTS**
Type of the Article	**Original Research Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-Please, use latex to type your manuscript. Especially the formulas are sometimes not readable. -Please, specify how you selected the students of your study. -How did you get Figure 3.1 and 3.21? -line 348, why bin 10 is before bin 6?	
Minor REVISION comments	-How many students are in that University? 72 might be a too small number for your study. -Are you using finite third moment in your proof of CLT?	
Optional/General comments	The paper has a nice introduction on the Central Limit Theorem. I recommend major revision though to strengthen the application and the quality of the writing.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
